

I'm a 16 year old person living in Denmark. I'm born in Denmark, but my parents are from Monaco. I just finished primary school in Denmark and am now considering what my next step should be. I'm fluent in danish.

What educational path would you recommend for me?

Thanks for sharing your background! At 16, you've got several great paths ahead depending on your interests, strengths, and future goals. Since you're in Denmark, here are the most relevant educational options after primary school (folkeskolen), along with some tailored advice based on your unique situation:

Main Danish Education Paths After 9th Grade

1. STX – General Upper Secondary School (Studentereksamen)

- Focus: Broad academic education with subjects like languages, science, social studies.
- Duration: 3 years.
- Ideal if: You might want to go to university later but haven't chosen a specific direction yet.

2. HHX – Higher Commercial Examination Programme

- Focus: Business, economics, marketing, languages.
- Duration: 3 years.
- Ideal if: You're interested in business, finance, entrepreneurship, or international relations (Monaco connection could be a plus here).

3. HTX – Higher Technical Examination Programme

- Focus: Technology, science, IT, and innovation.
- Duration: 3 years.
- Ideal if: You like STEM subjects and hands-on problem solving.

4. EUX – Vocational Education and Training with a Studentereksamen

- Combines: Practical training (apprenticeship) + academic education.
- Duration: 4–5 years.
- Ideal if: You want both job qualifications and the option to attend university later.

5. EUD – Vocational Education and Training (without gymnasium-level courses)

- Focus: Learning a specific trade (e.g. carpenter, chef, mechanic).
- Duration: Varies.
- Ideal if: You want to work soon in a skilled profession.

Personalized Suggestions for You

Considering your background:

- **Fluent in Danish:** All doors in the Danish system are open.
- **Monégasque heritage:** You may have cultural, linguistic, or even future opportunities in Monaco or internationally.
- **Recently finished primary school:** If you just completed 9th grade, you're on time for applying to a gymnasium program.

Recommended Path Options

Here are **3 personalized suggestions** based on different interest types:

Option A – STX (Academic and Broad)

- Great if you're unsure but want to keep university as an option.
- Good foundation for law, psychology, humanities, or political science.

Option B – HHX (Business-Oriented)

- Strong choice if you're drawn to business, economics, or global studies.
- Monaco is a financial hub – this path could align with future opportunities there.
- Also useful if you ever want to work in entrepreneurship or international trade.

Option C – EUX (Vocational + Academic)

- Ideal if you prefer a more practical and hands-on approach, but still want the possibility to study at university later.
- Combines the best of both worlds.

Next Steps for You

1. **Talk to a guidance counselor** (UU-vejleder): They can help match your interests and grades to the right school.
2. **Visit local gymnasiums** or vocational schools: Open house events are great to get a feel for what you'd enjoy.
3. **Think about your interests:** Do you enjoy theory, or are you more practical? Do you want to work soon, or study longer?

If you'd like, I can help you:

- Match specific schools in your area.
- Explore options in Monaco (e.g., if you want to connect to your heritage).
- Build a pros and cons list for the paths above.

Would you like help with that?
